100% WATERPROOF AND DURABLE LUXURY AT YOUR HOUSE

The perfect floor is characterized by beauty and durability. Do you want to have a pattern that will perfectly fit your interior and, at the same time, retain its original look for many years? Our floor panels are the answer to your expectations.

Vinyl panels are 100% waterproof which means that they will be the perfect solution for kitchens and bathrooms – rooms frequently exposed to humidity (not to be installed in the shower cabin). Such modern, luxurious vinyl floors look just like real wooden planks and are extremely easy to maintain.

PACIFIC VINYL FLOORS PERFECT FLOOR FOR EVERY ROOM

Universal, durable and unique. This floor ensures a perfect balance between esthetics and efficiency. It can be used in commercial premises as well as office spaces, reception halls and other rooms with high human traffic. It will also perform perfectly in households - in a living room, a children's room, as well as in a kitchen or bathroom.

- 1 Perfect for underfloor heating systems
- 2 100% waterproof
- 3 Resistant to damage
- 4 Silent Step sound insulation
- 5 Very easy maintenance

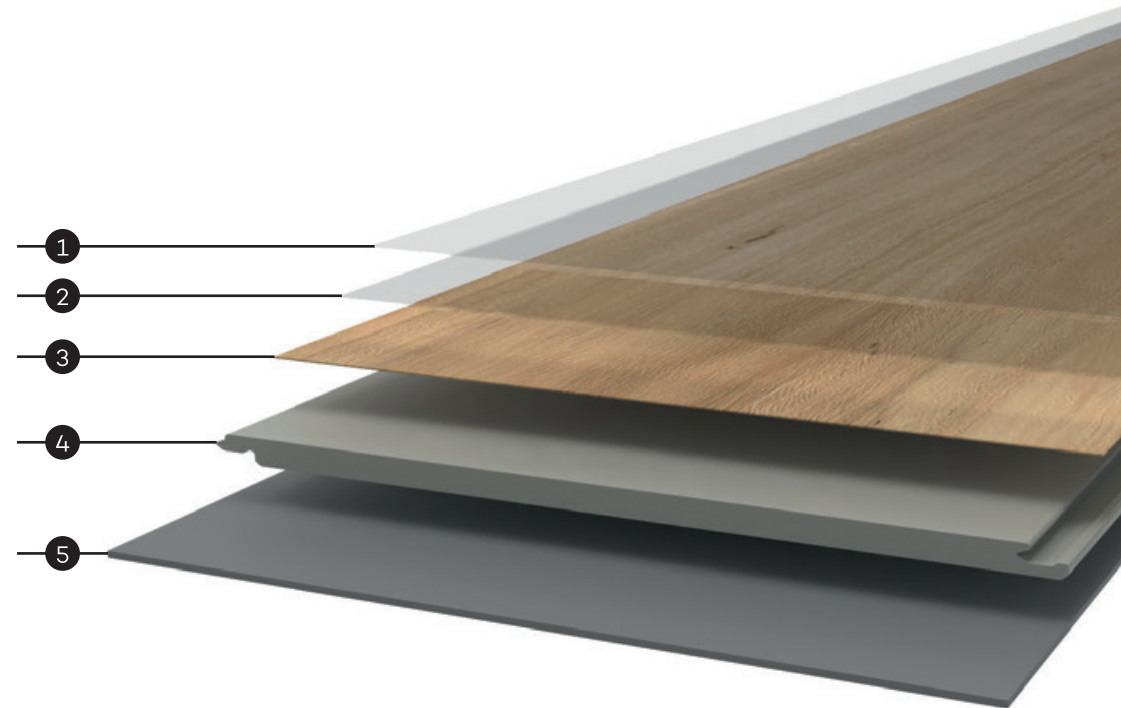

Chevron, 611201 Soft Oak

SIMPLE INSTALLATION IS A MUST!

Thanks to the patented Click Lock, installation of the floor is quick and convenient, ensuring a very good and solid connection between the panels. Just adjust individual planks to the dimensions of a particular room and you will be able to install the floor on your own, without the need of professional services. It is possible to install the panels on water and electric underfloor heating systems that have been encased in the floor. Each Pacific panel is facilitated with an integrated Silent Step backing. This innovative sound backing efficiently muffles the sound of steps and thumping. Apart from a quiet and comfortable floor, the Silent Step backing also reduce the unevenness and imperfections of the surface.

-
- 1 UV layer
 - 2 Wearing course
 - 3 Decor
 - 4 RIGID core with an integrated lock
 - 5 Silent Step backing

RESISTANT TO DAMAGE, DURABLE AND RESILIENT

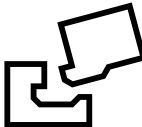

The Pacific Vinyl Floors panels owe their fantastic stability to the enforced Rigid Core made of the state of the art SPC. This high-quality material is a composite of stone and PCV resin pressed at high temperature and under high pressure. The resulting panels are characterized by extreme size stability and remarkable structure durability.

THE LOOK OF REAL WOOD AND VERY SIMPLE MAINTENANCE

The appearance of wood has been accurately reproduced. It looks natural but is way easier to maintain. Contrary to wooden floors, our product does not require special care products and regular maintenance. It will look brand new for many years.

Why are vinyl panels considered to be the perfect choice?

 <p>wood grain structure</p>	 <p>real wood structure</p>	 <p>wear layer 0.50 mm</p>
 <p>floor heating</p>	 <p>rigid core</p>	 <p>click lock</p>
 <p>child proof</p>	 <p>animal proof</p>	 <p>silent step</p>
 <p>easy to clean</p>	 <p>water proof</p>	 <p>eco-friendly</p>

Collection

COMFORT – FOR THOSE WHO VALUE CONVENIENCE

The Comfort collection was developed with those who appreciate comfort and convenience in mind. This is the option for people who seek for relaxation and simple solutions. Everyday use is very easy thanks to very simple maintenance. The accurately reproduced wood drawing on the panels will make them hard to distinguish from panels made of real wood. Vinyl panels are durable and resistant to wear which means they will perform well in rooms with high human traffic e.g., corridors or hallways.

CHEVRON - THE ONE-OF-A-KIND PANELS

The one-of-a-kind chevron pattern and a perfectly reproduced wood drawing – the Chevron collection will delight every enthusiast of luxurious interiors. These vinyl panels will be suitable both for commercial premises as well as in someone's living room: a true masterpiece in any space. What is more, the size of the planks (610 mm x 126 mm x 4.5 mm) was designed in order to present the chevron pattern in a more spectacular way but also ensure easier installation.
